Socially Responsible Equity Fund

INVESTMENT GOAL

The Socially Responsible Equity Fund seeks to provide long-term capital growth.

FEES AND EXPENSES OF THE FUND

The table below describes the fees and expenses you may pay if you buy and hold shares of Socially Responsible Equity Fund. You pay no sales charges or transaction fees for buying or selling shares of Socially Responsible Equity Fund.

Annual Fund Operating Expenses

(expenses that you pay each year as a percentage of the value of your investment)

	Institutional Class	Class N
Management Fees	0.75%	0.75%
Distribution (12b-1) Fee	None	0.25%
Other Expenses		
Shareholder Servicing Fee	None	0.25%
Other Fund Expenses ⁽¹⁾	0.24%	0.24%
Total Other Expenses	0.24%	0.49%
Total Annual Fund Operating Expenses	0.99%	1.49%
Fee Waiver and/or Expense Reimbursement ⁽²⁾⁽³⁾	None	(0.25)%
Total Annual Fund Operating Expenses After Fee Waiver and/or Expense Reimbursement	0.99%	1.24%

(1) "Acquired Fund Fees and Expenses" are incurred indirectly by the Fund due to investments in other investment companies and pooled investment vehicles. Total Annual Fund Operating Expenses above do not correlate to the ratio of expenses to average net assets given in the financial highlights (which reflects the Fund's operating expenses but not "Acquired Fund Fees and Expenses").

(2) CCM Advisors, LLC, the Fund's investment adviser ("CCMA"), has contractually agreed to waive a portion of the shareholder servicing fees for Class N until January 28, 2011. Prior to that date, this arrangement may be terminated without penalty by the Fund's Board of Trustees upon sixty days' written notice to CCMA, and it will terminate automatically upon the termination of the shareholder services agreement between CCMA and the Fund.

(3) CCMA has contractually agreed to limit its fees or reimburse the Fund for expenses to the extent necessary to keep Total Annual Fund Operating Expenses (excluding taxes, interest, brokerage commissions, extraordinary expenses and acquired fund fees and expenses) through January 28, 2011 at or below 1.25% for Institutional Class shares and 1.50% for Class N shares. Prior to that date, this arrangement may be terminated without penalty by the Fund's Board of Trustees upon sixty days' written notice to CCMA, and it will terminate automatically upon the termination of the investment management agreement between CCMA and the Fund. Any fee reductions or reimbursements may be repaid to CCMA within 3 years after they occur if such repayments can be achieved within the Fund's expense limit in effect at the time such expenses were incurred and if certain other conditions are satisfied.

EXAMPLE

This Example is intended to help you compare the cost of investing in the Socially Responsible Equity Fund with the cost of investing in other mutual funds.

The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund's operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions your costs would be:

	1 Year	3 Years	5 Years	10 Years
Institutional Class	\$ 101	\$ 315	\$ 547	\$ 1,213
Class N	\$ 126	\$ 446	\$ 790	\$ 1,758

PORTFOLIO TURNOVER

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or "turns over" its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund's performance. During the most recent fiscal year, the Fund's portfolio turnover rate was 48% of the average value of its portfolio.

PRINCIPAL INVESTMENT STRATEGIES

At least 80% of the Socially Responsible Equity Fund's portfolio consists of common stocks of U.S. issuers that meet certain socially responsible criteria. Up to 50% of the Fund's portfolio may consist of securities of mid-cap companies (for this purpose, as defined by Standard & Poor's, companies that have market capitalizations greater than \$750 million and less than \$3.3 billion at the time of purchase). In selecting investments, the sub-adviser considers social criteria such as an issuer's community relations, corporate governance, diversity, employee relations, environmental impact and sustainability, human rights record and product safety. The Fund seeks to avoid investing in any issuer that derives more than 5% of its total revenue from tobacco, alcohol, gambling, abortion or weaponry (whether sold to consumers or the military), or that is involved in nuclear power.

Please review the Fund's prospectus and the statement of additional information for more detailed descriptions of these principal investments and other securities in which the Fund may invest.

PRINCIPAL RISKS OF INVESTING IN THE FUND

As with any mutual fund, there are risks to investing. None of the Socially Responsible Equity Fund, CCMA and the Fund's sub-adviser can guarantee that the Fund will meet its investment goal. The Fund will expose you to risks that could cause you to lose money. Here are the principal risks to consider:

Market Risk of Equity Securities – By investing in stocks, the Fund may expose you to a sudden decline in the share price of a particular portfolio holding or to an overall decline in the stock market. In addition, the Fund's principal market segment may underperform other segments or the market as a whole. The value of your investment in the Fund will fluctuate daily and cyclically based on movements in the stock market and the activities of individual companies in the Fund's portfolio.

Medium Capitalization (Mid-Cap) Companies – Investments in mid-cap companies may involve greater risks than investments in larger, more established companies, such as limited product lines, markets and financial or managerial resources. In addition, the securities of mid-cap companies may have greater price volatility and less liquidity than the securities of larger capitalized companies.

Investment Style – The Fund's sub-adviser primarily uses a value style to select investments for the Fund. This style may fall out of favor, may underperform other styles and may increase the volatility of the Fund's share price.

Management – The Fund's performance depends on the portfolio managers' skill in making appropriate investments. As a result, the Fund may underperform relative to the equity market or similar funds.

Defensive Investments – During unusual economic or market conditions, or for temporary defensive or liquidity purposes, the Fund may invest 100% of its assets in cash or cash equivalents that would not ordinarily be consistent with the Fund's investment goals.
